

Proven Solutions for All Things Metal Recycling

Engineering, Design, Equipment, and Service for The Auto-Shredder Industry

Hammermills International specializes in all things metal recycling including Shredders, Ferrous, Non-Ferrous, Cascade Air Classifiers, and Emission Control Systems. These solutions are specifically designed for projects of all sizes within the Metals Recycling industry. Our customer base includes auto-shredder companies ranging from single-yard operators to organizations managing multiple locations. With hundreds of installations across the US and globally, Hammermills International continues to be a trusted provider for successful metals recycling solutions.

Our team of Engineers and Project Managers work closely with our customers to develop custom solutions to meet their requirements, and deliver results within budget and on time by utilizing our well-connected Suppliers and Fabricators who we have worked with for decades.

Our product offerings include:

- **Infeed & Belt Conveyors**
Heavy-Duty a Must
- **Pre-Shredders & Shredders**
Efficient shredding of heavier, mixed-grades of material
- **Complete Ferrous Downstreams**
Magnetic Separation for clean, ferrous product
- **Non-Ferrous Metal Processing**
Including Patented compact Cascade Air Classifier, Variable Density Separator (VDS)
- **Emissions Capture & Control**
Dust Collection, PM & Acid Removal
- **Track Shoes**
Typically In-Stock
- **Trommels & Screens**
Reinforced construction for continuous sorting
- **Undermill Oscillators & Vibrators**
Positive and Passive Displacement

A Division of Zenviro Tech

Expanded Exhaust Air Treatment Solutions and Global Engineering & Service Team

As part of the Zenviro Tech family, Hammermills International directly delivers customized pollution abatement solutions and complete Parts & Service support across your entire processing and air treatment system.

Exhaust Air Treatment Offering:

- **Regenerative Thermal Oxidizer (RTO)**
Highly energy efficient, reliable
- **Thermal Oxidizer (TO)**
Achieve up to 99.9999% VOC DRE
- **Wet Electrostatic Precipitator (WESP-2F)**
PM, Acid Gas, and NOx removal
- **System Integration**
Complete solution for upstream and peripheral equipment

Zenviro Tech Parts & Service:

- **Field Service & Inspection**
- **Spare Parts & Maintenance**
- **Plan Upgrades & Optimization**
- **System Rebuilds**
- **24/7/365 Technical Response Service**
